

EXCHANGE STUDENTS HOST INTERNATIONAL DAY

Gao, one of our Chinese foreign exchange students, participated in MRA's International Day during Catholic Schools Week. Following is her first person account of the event and her experience. Lower school students also learned about and sampled food from India.

We went to the school kitchen at around 10 a.m. and then we started to work. Xinglin made pork and rice. The pork that Xinglin made smelt very good. Ding and I made chicken wings and cabbage. Lemon and Allen helped us put the food in small cups.

We went to the lower school building and we go to each lower school classrooms. We taught the lower school kids about China and where it is located on a map. We also taught them about Chinese culture. We let the lower school kids try the Chinese food we had made. I think they enjoyed it and I was very happy about that.

Do you have something to contribute to our school newspaper? Something you wrote or drew? Something going on in your classroom that you would like to share with the rest of the school? Talk to Mrs. Richardson or come to the next newspaper meeting on Monday, March 5 in the Gr. 1/2 classroom right after school. We need your talent!

John Paul looks hungry!

Tristan chows down.
